

# Pigment Prints

Using archival papers and inks we can print up to 60" short dimension from your prepared file or file scanned at Chroma Center.

Straight from file prints include no correction and must be sized to output desired *including border*. File must have the color/bw profile attached, a DPI of 150-360, and be a flat TIF. Prints with proofs include basic color correction and digital spotting. Matching to another print, or other image changes, will be an extra fee - please confirm your needs at time of order.

Additional proofs are billed at 50% the size price and additional finals ordered at the same time 30% off (only on full-service images). Packing and shipping fees billed separately.
